Cecil Sly Families,

Our Baton Pass Along each year has become a wonderful tradition of health, personal best and family connections. Through the year, Mr. Yuma works to encourage the students to set goals in PE and encourages them at Run Club. If you were to watch all his lessons one right after another on a video playback at high speed, you would see a

consistent theme. He cares about the health and physical well being of the kids. By the time our Baton Pass comes along, students have grown considerably in their personal physical skills. Baton Pass Along day is a great time to go for a school record or more laps than the student ran the year prior. Lap after lap

and grade level after grade level, songs play from the announcer's booth for the kids and parents. Shout-outs to our volunteers are heard all day long. Students really enjoy the encouraging words as they turn up the effort for the final laps. The Baton Pass Along is just one of the great things that happen at your school.

Jim Bates

Baton Pass Along Huge Success!

The weather held out so we had a great day for the Baton Pass Along. **A BIG THANKS** goes to **Mr. Yuma** for organizing this wonderful event. Also, thank you to all the parents who came and participated. The students and staff loved having you here.

There is still time to collect donations and earn prizes and to order shirts or sweatshirts. Remember if the school collects \$7,500, we will have a day of jump houses for everyone on Friday, May 16th.

Deadline to turn in money is Friday, May 2.

Kynsie Ramos shares her Sacajawea Project

4th Grade Students

Travel the Lewis and Clark Trail

Fourth Grade students have been studying Lewis and Clark for their storyline. After actively learning about different plants and animals found along the way, Sacajawea and the actual participants of the Expedition, each student chose his or her most fascinating topic on which to do a research report. A visual accompanied each student's five paragraph essay. The culmination came with a speech given in front of peers. These projects were amazing! Kynsie Ramos is showing off her beautiful report on Sacajawea. Kudos to all of our young men and women!
