

Central Safety Meeting, Crook County School District
June 12, 2017
Crook County High School

Present: Dawn Camara, Ramona McCallister, Beth Lampert, Leland Bliss Not Present: Michelle Jonas, Rob Bonner

1.0

Meeting came to order at 2:00 pm

Beth Lampert indicated that Bill #318B passed unanimously in the Senate. It called "work shouldn't hurt".

Minutes read and Dawn made motion to approve. Leland seconded and passed unanimously.

2.0 New Business

Not everyone was able to attend training for hazard identification and incident investigations. Leland wanted to do makeup right before school starts--probably same time.

Safety and health inspections. These procedures were set up, but individual safety committees didn't get these done, because meetings weren't held. Next year, Leland will schedule meetings and give to administrator, who will create a written procedure to ensure that these get done.

Hazard reporting: This did get done.

Accident and incident evaluations: These are gone over every meeting. Leland said this is working well.

Posting minutes: Leland and Ramona will look into details, and ensure that they get posted in buildings. They are posted on internet.

Recommendations to Management:

Are hazards being reported to management (Duane Yecha). Yes this is happening.

Does the committee make recommendations to management to keep all employees safe? Yes

Recommendations from committee on ways that employees are accountable: Yes

3.0

Other business

Other Goals:

Ramona--add certified representation. Michelle Jonas may be able to get a teacher who has a 7th period prep. Dawn: We need transportation. Possible conference call to have transportation participate?

Safety concerns:

Beth said that staff are always climbing on chairs. Ensure that staff are accountable to use steps tools that are available.

Leland and Ramona will work on setting up ways to ensure that all schools post minutes.

Next Meeting will be Sept. 19, 2017
