SPORTSMANSHIP

The responsibility of the participants for sportsmanship is second in importance to the coach. Because participants are expected to be a positive role model, they exert a great deal of influence over the actions and behavior of the spectators. Participants will demonstrate the following behavior:

1. Treat opponents with the respect that is due them as guests and fellow human beings.
2. Never use profanity.
3. Exercise self-control at all times, accepting decisions and abiding by them.
4. Respect the officials' judgment and interpretations of the rules. Never argue or make gestures indicating a dislike for a decision.
5. Accept both victory and defeat with pride and compassion, never being boastful or bitter.
6. Congratulate the opponents in a sincere manner following either victory or defeat.
7. Seriously accept the responsibility and privilege of representing the school and community.
8. Exemplify good sportsmanship.

B. CONDUCT EXPECTATIONS FOR PARTICIPANTS

Students who participate in athletics are expected to conduct themselves in a manner, which reflects the highest standards and ideals of their team, school, and community. High personal standards of conduct are expected at all times so that teams and individuals can attain maximum achievement and set positive role models for other students and members of the community. All athletes must be good citizens demonstrating good conduct at school and in the community before being allowed to represent Crook County High School at any home or away activity. Violations of conduct, which are unbecoming of an athlete and are not specifically listed in these regulations, may lead to disciplinary action up to and including suspension or removal from the team by the head coach or the athletic director or principal. Each head coach will be responsible for determining and communicating the general training and behavioral standards of his/her activity, as pre-approved by the AD or principal except as specified in these listed rules and regulations.

CROOK COUNTY HIGH SCHOOL

STUDENT ATHLETE DISCIPLINARY POLICY PROCEDURES

The procedures set forth in this policy have been established as a minimum code for student athletes.

The coach, in conjunction with the building administration, will administer this policy. This policy does not supersede the district's student discipline policies and rules.

This policy must be read and signed before any student can participate in any interscholastic athletic activity, team manager or statistician.

This policy is in effect from the first day a student athlete begins participation in a Crook County High School sport, throughout the remainder of his/her athletic career at CCHS. It is in effect twenty-four hours a day. Consequences outlined in this agreement will be cumulative during his/her athletic career.

This policy AR is in effect for the entire calendar year, and including Thanksgiving, Christmas, Spring and Summer breaks.

The observation of a coach, teacher, administrator, or district employee; or investigative evidence, including the written report of a police officer; or an admission of a violation by a student athlete is sufficient evidence for a suspension under this policy.

No student involved in an interscholastic athletic program at Crook County High School shall possess, use, transfer, furnish, or be under the influence of alcohol, a tobacco product, a performance enhancing drug, an inhalant or a controlled substance of any kind except as prescribed by a medical professional during the school year.

No student athlete shall attend or remain at any location or function where alcohol, a controlled substance, or any item purported to be a controlled substance is being used or possessed in violation of this policy or in violation of Oregon law. When a student athlete discovers that such items are present at any location or function, the student athlete must immediately remove himself/herself from the location or function. Failure to do so immediately will result in a violation of this policy.

There will be no disciplinary consequences under this policy if, prior to investigation or apprehension for an offense involving the use of alcohol, a tobacco product, a performance enhancing drug, an inhalant or a controlled substance, a student athlete voluntarily requests assistance from school officials. The intent of this policy is to assist the athlete who has or may develop a long-term alcohol or other drug problem. A student athlete may use this self-referral process one time in his/her high school athletic career. Should a student athlete at a later time be found in violation of this policy, he/she would face the consequences of a second or third offense as set forth below.

Violation of this policy will subject the student athlete to the following consequences, in addition to any other school disciplinary procedure.

FIRST OFFENSE IN STUDENT ATHLETE'S CROOK COUNTY HIGH SCHOOL CAREER:

1. The athletic director will notify parents of the eligibility rules violation and consequences. Every reasonable effort will be made to contact parents;
2. The athlete shall be suspended from participation in 20 percent of the contests for that sports season according to the Athletic Contest Suspension Chart.
 - a. During the suspension period, the athlete shall remain a member of the team and is required to practice and attend (not participate) in all contests.
 - b. Suspensions will carry over from one sport season to the next if the terms of the suspension have not been completed.

3. Depending upon the circumstances, the athletic director may require the athlete to arrange and satisfactorily complete drug assessment and, if indicated, drug counseling, and/or periodic drug screening paid by the athlete or his/her parents.

SECOND OFFENSE IN STUDENT ATHLETE'S CROOK COUNTY HIGH SCHOOL CAREER:

1. The athletic director will notify parents of the eligibility rules violation and consequences. Every reasonable effort will be made to contact parents;
2. The athlete shall be suspended from participation in 50 percent of the contests for that sports season according to the Athletic Contest Suspension Chart.
 - a. During the suspension period, the athlete shall remain a member of the team and is required to practice and attend all contests.
 - b. Suspensions will carry over from one sport season to the next if the terms of the suspension have not been completed.
3. If drug paraphernalia, alcohol, tobacco or other drugs (mood altering substances) are involved in either the first or second eligibility rules violations, the athlete will arrange and satisfactorily complete drug assessment and, if indicated, drug counseling. If at this time the athlete has completed contest suspension, the athlete shall be reinstated.
 - a. The drug assessment and counseling program used must be approved by the athletic director.
 - b. To regain eligibility to compete in contests, the athlete may be required, at the athletic director's discretion, to pass a zero tolerance drug test. The test must be approved by the athletic director.
 - c. Participate in random drug screening with costs borne by athlete or his/her parents.
 - d. The required costs are the responsibility of the athlete and parents.

ATHLETIC ATTENDANCE POLICY

Student athletes must be in attendance at school for at least four periods before they are allowed to practice or compete on that day. Any unexcused absence automatically excludes a student from athletic participation in practice or competition during that day. If the student athlete attends an associate member school, it is the responsibility of that school to supply Crook County High School with all athletes' daily attendance by 3:00. Failure to receiving attendance reports will result in the athlete not being able to participate in practice or competition for the day. If the unexcused absence occurs on Friday, the student will not be allowed to compete on the weekend. Attendance will be monitored daily by the Athletic Director and coaches. Those students who do not comply with the attendance policy will be immediately removed from practice or competition. There will be zero tolerance for attendance related issues.

SUSPENSION (FROM SCHOOL)

- If a student is suspended from school, he/she cannot participate in a contest or a team practice. When a student is suspended from school, he/she will not be allowed on any school property during the duration of the suspension.

LETTER AWARDS/PARTICIPATION CERTIFICATES/SPECIAL AWARDS

The head coach, with approval of school administration, will determine standards and requirements to be met for receiving letter awards or certificates of participation.

A certificate will be awarded to any athlete who successfully completes 12 sport seasons without being suspended from a team during their high school career. A CCHS blanket is also available to these athletes at their own expense if they wish to purchase one.

A certificate will be awarded to any athlete who letters in three sports in both his/her junior and senior year.
