Notification of the Right to Object to the Use of Materials

Any resident of the district may raise objection to instructional materials used in the district's educational program despite the fact that the individuals selecting such materials were duly qualified to make the selection and followed the proper procedure and observed the criteria for selecting such material.

The first step in expressing objection is consultation with the classroom teacher or library staff and providing a brief written complaint. The staff member receiving a complaint regarding instructional materials shall try to resolve the issue informally through the discussion of the original assignment or the opportunity for an alternative assignment.

If not satisfied with the initial explanation or an alternative assignment, the person raising the questions will meet with a building administrator who, if unable to resolve the complaint, will provide a Request for Reconsideration form which will be given to the superintendent for action.

Goals

By the end of the semester 100% of students will meet or exceed subject level learning standards in engineering as measured by a score of 70% or better on the final.

Citizenship (Behavior Expectations)

Be in your seat on time when the bell rings.

Attendance will be taken during the first 10 minutes of class; you will be expected to be quiet and in your seat during that period so it does not take up a large portion of our class time.

The Tardy and Attendance policy will be adhered to as indicated in your Student Handbook.

Be conscientious of the other students in the class.

Evaluation (grading)

Grades will be based 90% on projects and tests and 10% on classwork

Citizenship.

Makeup Policy

As stated in the student handbook

Extra Credit Policy:

Extra credit will be offered to students who have no missing or incomplete assignments.
