Thanks for the input

Smaller classes. Student behavior support. School safety. Communication. Art. Those are the main themes that emerged from the Community Input Sessions the Crook County School District hosted Monday. Thank you, community members, parents, and staff members, who attended. We appreciate your valuable feedback. These themes will be considered as part of the Student Success Act application. The district will publish a Continuous Improvement Plan to address some of these areas in November and will submit a Student Investment Account application in March. The district's capacity for additional services is dependent on funding.
